## You're invited to HMRC's Customs Declaration Service webinar for exports

Dear Customer,

As an exporter that moves goods using the Goods Vehicle Movement Service (GVMS) or via inventory linked airports, you should now submit your export declarations through the Customs Declaration Service (CDS). The only exception is if:

- there is a chance your goods could be rerouted to an inventory linked maritime location.

### Attend a CDS webinar with HMRC experts

To help you with your move to the CDS for exports, we would like to invite you to attend a webinar 'Preparing to move to CDS for exports' on Thursday 22 February 2024 at 9:45am.

The webinar will cover the topics listed below.

- CHIEF Closure
- Pre-requisites for moving to the CDS
- Getting access to the CDS
- Understanding CDS declaration requirements
- Testing and going live

You will also be able to ask questions during the webinar using an on-screen text box.

To reserve your place, [please sign-up here](#). Signing up will also ensure you receive useful links and a recording of the webinar following the event. We hope you will take advantage of this opportunity.
