

THE CPTPP PREFERENTIAL TARIFF

VERSION 1.1, DATED 30TH SEPTEMBER 2024

PART ONE: Overview

PART TWO: UK Preferential Tariff

Annex 1-A: Preferential Duty Tariff Table

Annex 1-B: Future Duty Elimination Table

Annex 2: Preferential Quota Table

PART ONE: OVERVIEW

1. This document is the relevant preferential tariff referred to in column 2 of the table in Schedule 1 of the Customs Tariff (Preferential Trade Arrangements) (EU Exit) Regulations 2020 (“the Regulations”) for the Comprehensive and Progressive Agreement for Trans-Pacific Partnership, done at Santiago on 8 March 2018, including the Protocol on the Accession of the United Kingdom of Great Britain and Northern Ireland to the Comprehensive and Progressive Agreement for Trans-Pacific Partnership, signed on 16 July 2023 (“the Agreement”).
2. Part Two of this document and the associated annexes set out the preferential duty rates, quota duty rates and quota volumes applicable to goods falling within commodity codes set out in the Goods Classification Table, falling within the Agreement, and meeting the requirements of the Regulations.
3. In this document, unless otherwise specified, words and expressions have the meaning given in the Regulations and the Customs Tariff (Establishment) (EU Exit) Regulations 2020 (“the Tariff Regulations”), including the Goods Classification Table and Tariff of the United Kingdom.
4. This document takes effect from the date on which the Agreement enters into force for the United Kingdom.

PART TWO: UK PREFERENTIAL TARIFF

1. In this Part, a “formula” is all the alphanumeric information appearing in a given row of column 2 of the Preferential Duty Tariff Table (Annex 1-A) or in a given row in columns 3-11 of the Future Duty Elimination Table (Annex 1-B) or of column 4 of the Preferential Quota Table (Annex 2).

Calculating the value of formulas

2. The formulas in column 2 of the Preferential Duty Tariff Table, columns 3-11 of the Future Duty Elimination Table, and column 4 of the Preferential Quota Table consist of components and operators. The components and operators are set out and explained below.

3. The value of a whole formula can be calculated by finding the value of each of the components of the formula and performing the operations specified by any operators.

Operators

4. **Addition sign** – Where an addition sign appears in a formula, the value of the component immediately before the addition sign is to be added to the value of the component immediately after the addition sign.

Components

By-value components

5. Where a formula includes a component which consists of a percentage either appearing alone (such as where the formula reads simply (e.g. “**9.70%**”) or appearing immediately before an addition sign (such as where the formula reads (e.g. “**17.90% + 8.40 GBP / 100 kg**”), the value of that component can be found by taking that percentage of the customs value of the goods to which the formula applies.
6. Such a component, the value of which is found by reference to the customs value of goods, can be referred to as a “by-value” component.

Specific components

7. Where a formula includes a component consisting of a sum of money (represented by a number immediately followed by the letters “GBP”), the division symbol “/” and a multiple of a unit of quantity (e.g. “**43.80 GBP / 100 kg**”), the value of that component can be found by dividing the quantity of originating goods (measured in the same unit of quantity) by the multiple of the unit of quantity, then multiplying the result by the sum of money.
8. The abbreviations of the units of quantity used and their full meanings are set out in Appendix A to Part Four of the Tariff of the United Kingdom.
9. A component the value of which is found by reference to the quantity of goods can be referred to as a “specific” component.

ANNEX 1-A

PREFERENTIAL DUTY TARIFF TABLE

1. This table sets out the preferential duty rates for the Agreement, under regulation 3 of the Regulations.
2. The commodity code in column 1 is defined in regulation 2(3) of the Tariff Regulations.
3. The preferential duty rate in column 2 is defined in regulation 2(1) of the Regulations. The preferential duty rate applies to originating goods of the countries that are party to the Comprehensive and Progressive Agreement on Trans-Pacific Partnership and for whom the Protocol on the Accession of the United Kingdom of Great Britain and Northern Ireland to the Comprehensive and Progressive Agreement for Trans-Pacific Partnership has entered into force (hereafter “CPTPP Countries”).¹
4. Where the preferential duty rate differs among countries for the same originating good, column 3 indicates the countries to which a preferential duty rate applies. The countries are indicated by the following abbreviations: “AU” for Australia, “BN” for Brunei Darussalam, “CA” for Canada, “CL” for Chile, “JP” for Japan, “MX” for Mexico, “MY” for Malaysia, “NZ” for New Zealand, “PE” for Peru, “SG” for Singapore and “VN” for Viet Nam. “ALL” indicates all of those countries.
5. Column 4 indicates whether further preferential duty reductions will take place and provides additional notes. Letters in column 4 shall have the following meaning:

B5, B7, B8, B10 and B11: The preferential duty rate in column 2 shall apply until 31 December 2024. The preferential duty rates for these tariff lines are then reduced in stages and will be fully eliminated from 1 January 2027 for lines denoted “B5”, from 1 January 2029 for lines denoted “B7”, from 1 January 2030 for lines denoted “B8”, from 1 January 2032 for lines denoted “B10”, and from 1 January 2033 for lines denoted “B11”. The future preferential duty rates for these tariff lines from 1 January 2025 onwards are set out in the Future Duty Elimination Table in Annex 1-B of this document.

C3, C5, C8 and C15: The preferential duty rate in column 2 shall apply until 31 December 2024 for lines denoted “C3”, until 31 December 2026 for lines denoted “C5”, until 31 December 2029 for lines denoted “C8”, and until 31 December 2036 for lines denoted “C15”. After those dates, the preferential tariff shall be set at 0.00%.

C16-AU: The preferential duty rate in column 2 shall apply until 31 December 2032. From 1 January 2033, the preferential tariff shall be set at 0.00%, unless goods classified under the tariff lines in category C16-AU are subject to a bilateral safeguard measure under Section D of Chapter 3 (Trade Remedies) of the Free Trade Agreement between the United Kingdom of Great Britain and Northern Ireland and Australia, done at London on 16 December 2021 and at

¹ A list of the countries for whom the Protocol on the Accession of the United Kingdom of Great Britain and Northern Ireland to the Comprehensive and Progressive Agreement for Trans-Pacific Partnership has entered into force is maintained at <https://www.gov.uk/government/collections/the-uk-and-the-comprehensive-and-progressive-agreement-for-trans-pacific-partnershipcptpp>.

Adelaide on 17 December 2021 (“UK-Australia FTA”) or a product specific safeguard measure under Part 2B-3 (Product Specific Safeguard Measures) of the United Kingdom’s Schedule to Annex 2A (Tariff Commitments) under the UK-Australia FTA. In that case, the preferential duty rate will be the rate in column 2. If the rate in column 2 applies after 31 December 2032 in accordance with this note, this information will be published by notice, or a new version of this document will be issued.

C16-NZ: The preferential duty rate in column 2 shall apply until 31 December 2032. From 1 January 2033, the preferential tariff shall be set at 0.00%, unless goods classified under the tariff lines in category C16-NZ are subject to a bilateral safeguard measure under Section D of Chapter 8 (Trade Remedies) of the Free Trade Agreement between the United Kingdom of Great Britain and Northern Ireland and New Zealand, done at London on 28 February 2022 (“the UK-New Zealand FTA”) or a product specific safeguard measure under Part 2B-3 (Product Specific Safeguard Measures) of the United Kingdom’s Schedule to Annex 2A (Tariff Commitments) under the UK-New Zealand FTA. In that case, the preferential duty rate will be the rate in column 2. If the rate in column 2 applies after 31 December 2032 in accordance with this note, this information will be published by notice, or a new version of this document will be issued.

C21-NZ: The preferential duty rate in column 2 shall apply until 31 December 2037. From 1 January 2038, the preferential tariff shall be set at 0.00%, unless goods classified under the tariff lines in category C21-NZ are subject to a bilateral safeguard measure under Section D of Chapter 8 (Trade Remedies) of the UK-New Zealand FTA. In that case, the preferential duty rate will be the rate in column 2. If the rate in column 2 applies after 31 December 2037 in accordance with this note, this information will be published by notice, or a new version of this document will be issued.

MFN: No preferential duty rate is applied for this tariff line. The duty rate in column 2 reflects the applicable rate in the customs tariff in its standard form. The duty rate in column 2 is not applied by the Regulations.

Q1, Q2, Q3, Q4, Q5, Q6, Q7 and Q8: For these tariff lines, a quota duty rate applies, as set out in the Preferential Quota Table in Annex 2 of this document. Q1 refers to the quota with quota number 05.9741, Q2 refers to the quota with quota number 05.9742, Q3 refers to the quota with quota number 05.9743, Q4 refers to the quota with quota number 05.9744, Q5 refers to the quota with quota number 05.9745, Q6 refers to the quota with quota number 05.9746, Q7 refers to the quota with quota number 05.9747, and Q8 refers to the quota with quota number 05.9748.

ANNEX 1-B
FUTURE DUTY ELIMINATION TABLE

1. This table sets out the future preferential duty rates for the Agreement that will apply for tariff lines indicated by B5, B7, B8, B10, and B11 in column 4 of the Preferential Duty Tariff Table in Annex 1-A of this document.
2. The commodity code in column 1 is defined in regulation 2(3) of the Tariff Regulations.
3. Where the preferential duty rate differs among countries for the same originating good, column 2 indicates the countries to which a preferential duty rate applies. The countries are indicated by the following abbreviations: “AU” for Australia, “BN” for Brunei Darussalam, “CA” for Canada, “CL” for Chile, “JP” for Japan”, “MX” for Mexico, “MY” for Malaysia, “NZ” for New Zealand, “PE” for Peru, “SG” for Singapore and “VN” for Viet Nam. “ALL” indicates all of those countries.
4. The preferential duty rates in columns 3-11 are defined in regulation 2(1) of the Regulations.

ANNEX 2

PREFERENTIAL QUOTA TABLE

1. This table sets out the quota duty rates for the Agreement under regulation 4 of the Regulations, and the quota number in column 1 is defined in regulation 2(1) of the Regulations.
2. Column 2 indicates whether goods classified against the commodity codes in that row are subject to an origin quota, as defined in regulation 7(1) of the Regulations.
3. The commodity codes in column 3 are defined in regulation 2(3) of the Tariff Regulations.
4. The quota duty rate in column 4 is defined in regulation 4(3) of the Regulations. The quota duty rate applies to originating goods of the countries that are party to the Comprehensive and Progressive Agreement on Trans-Pacific Partnership and for whom the Protocol on the Accession of the United Kingdom of Great Britain and Northern Ireland to the Comprehensive and Progressive Agreement for Trans-Pacific Partnership has entered into force (hereafter “CPTPP Countries”).²
5. The quota volumes in column 5 are the maximum quantities of quota goods that can be imported under the quota during the quota period under regulation 9 of the Regulations. For the purposes of pro-rating a quota volume in an adjusted quota period, regulation 9(2)(a) of the Regulations applies. If a quota takes effect before 31 December 2024, the first volume in column 5, which is indicated with a ‘*’, will be pro-rated in accordance with the methodology specified below. For quota 05.9748 (Mexico), if this quota takes effect in the period between 1 January 2025 and 31 December 2025, the second volume in column 5, which is indicated with a ‘**’, will be pro-rated in accordance with the methodology specified below. The volume to be made available during the adjusted quota period will be published by notice, or a new version of this document will be issued.
6. The methodology for pro-rating the quota volume in an adjusted quota period is as follows: where a quota takes effect during a calendar year, the quota volume shall be divided by twelve and multiplied by the number of months remaining in the quota period from the date the quota takes effect to the quota close date, including the whole of the month in which the quota takes effect.
7. Columns 6 and 7 show the quota period as defined in regulation 8(1) of the Regulations. If a quota takes effect before 31 December 2024, the quota open date, which is indicated with ‘EIF’, will be the date the quota takes effect. For quota periods where dates are indicated in the format “DD/MM”, the quota periods apply for all calendar years after the last year for which a quota period is indicated in the format “DD/MM/YYYY”.
8. Column 8 indicates the unit for the volume.

² A list of the countries for whom the Protocol on the Accession of the United Kingdom of Great Britain and Northern Ireland to the Comprehensive and Progressive Agreement for Trans-Pacific Partnership has entered into force is maintained at <https://www.gov.uk/government/collections/the-uk-and-the-comprehensive-and-progressive-agreement-for-trans-pacific-partnershipcptpp>.

9. Column 9 contains additional notes, which indicate whether quotas only apply to certain CPTPP Countries, or the date from which access to a quota ceases to apply for certain CPTPP Countries. Where a quota applies to originating goods of one country only, that quota does not take effect until the date on which the Protocol on the Accession of the United Kingdom of Great Britain and Northern Ireland to the Comprehensive and Progressive Agreement for Trans-Pacific Partnership enters into force for that country. Where a quota applies to originating goods of more than one country, that quota takes effect from the date on which the Protocol on the Accession of the United Kingdom of Great Britain and Northern Ireland to the Comprehensive and Progressive Agreement for Trans-Pacific Partnership enters into force for at least one of those countries.
